

A young woman with long dark hair, wearing a grey t-shirt and a backpack, is smiling and leaning against a stone bridge railing. In the background, a historic town with colorful buildings and terracotta roofs is built into a hillside, with a stone bridge visible in the valley below.

UC San Diego

GLOBAL INITIATIVES
Study Abroad

Engineering & Study Abroad

What kind of Study Abroad experience are you looking for?

Study abroad to fulfill G.E. requirements

Study abroad to fulfill engineering requirements

An internship or research experience

A summer study abroad experience

Study abroad during the academic school year

UC San Diego

Global Seminars

globalseminar.ucsd.edu

Why do UC San Diego students love Global Seminars?

- Global Seminars are UC San Diego faculty-led courses offered during Summer Session I or II.
- Enroll in two courses for a total of eight (8) UCSD units. All courses are taught in English.
- Class sizes = 15-28 students.
- Interact with some of the best faculty at UC San Diego.
- Scholarships available.

Type of Credit: UCSD Credit

Language: English

Timing: Summer

A few UCEAP Programs in Engineering

Carlos III - Madrid, Spain

Technical Univ of Berlin

Chinese Univ of Hong Kong
Hong Kong Univ of Science and
Technology (HKUST)

Imperial College of London

[Note: Year only]

King's College London

University of Edinburgh, Scotland

Korea Advanced Institute of Science
and Tech (KAIST)

Korea University

Lund University - Sweden

Nanyang Technical Univ - Singapore

National Taiwan Univ

National University of Singapore

Singapore Univ of Tech and Design

Summer Engineering Research in Madrid,
Hong Kong, Taipei, Osaka, Singapore,
Tokyo

- **Many other Engineering-focused UCEAP options available**
- **Eligibility - varies (class standing and GPA)**

Next Steps

studyabroad.ucsd.edu

Complete the Study Abroad Get Started Course

Course consists of three short modules that explain what you need to know as you get started researching, selecting, and applying to a research abroad program.

Talk to your academic advisors

Narrow the scope of what you're looking for (degree requirements, restrictions, graduation timing, etc.)

Review programs for best fit

Eligibility, dates, courses, cost, overall experience

Review financial aid & scholarship information

Get a financial aid package estimate for your program of interest and ask any other questions!

Apply for a program!
